Mr. Ahmed Zakaria Amin

BRAC IT

Nafi Tower (Level 13) 53 Gulshan Ave

Dhaka-1212 Bangladesh

Dear Mr. Amin:

As a long-time admirer of BRAC IT's commitment to innovation and impactful technology solutions, I am excited to submit my application for the Software Engineer (Backend) position. With a strong foundation in backend development and a passion for building efficient, scalable systems, I am eager to contribute to your dynamic team.

My academic background has provided me with a strong foundation in software development skills. This foundation is strengthened by practical experience, including the development of a java-based project. With a practical knowledge, I am proficient in Java, framework like Spring Boot as well as database systems such as PostgreSQL, MySQL server. My solid understanding of object-oriented programming, along with experience in competitive programming contests like ICPC, has sharpened my problem-solving and debugging abilities that align well with BRAC IT's backend engineering responsibilities.

BRAC IT's focus is on scalable and secure backend development, and as I have hands on experience in designing and developing relational database, Java base project and experience in full-stack development, I believe my skills and interests align well with BRAC IT'S needs and my past experience prepare me to contribute meaningfully to your team.

My resume is enclosed for your consideration. I am confident that my background and enthusiasm are well-suited to BRAC IT's needs, and I would welcome the opportunity to discuss this further. I am available for an interview at your earliest convenience and would be pleased to provide any further information you may require. Thank you, sir, for your time and consideration.

Sincerely,

MD MAHMUDUR RAHMAN
